Advanced Android Application Development (4th Edition) (Developer's Library) Joseph Annuzzi Jr., Lauren Darcey, Shane Conder

Advanced Android™ Application Development, Fourth Edition, is the definitive guide to building robust, commercial-grade Android apps. Systematically revised and updated, this guide brings together powerful, advanced techniques for the entire app development cycle, including design, coding, testing, debugging, and distribution. With the addition of quizzes and exercises in every chapter, it is ideal for both professional and classroom use.

An outstanding practical reference for the newest Android APIs, this guide provides in-depth explanations of code utilizing key API features and includes downloadable sample apps for nearly every chapter. Together, they provide a solid foundation for any modern app project.

Throughout, the authors draw on decades of in-the-trenches experience as professional mobile developers to provide tips and best practices for highly efficient development. They show you how to break through traditional app boundaries with optional features, including the Android NDK, Google Analytics and Android Wear APIs, and Google Play Game Services.

New coverage in this edition includes

- Integrating Google Cloud Messaging into your apps
- Utilizing the new Google location and Google Maps Android APIs
- Leveraging in-app billing from Google Play, as well as third-party providers
- Getting started with the Android Studio IDE
- Localizing language and using Google Play App Translation services
- Extending your app's reach with Lockscreen widgets and DayDreams
- Leveraging improvements to Notification, Web, SMS, and other APIs

Annuzzi has released new source code samples for use with Android Studio. The code updates are posted to the associated blog site: <http://advancedandroidbook.blogspot.com/>

This title is an indispensable resource for intermediate- to advanced-level Java programmers who are now developing for Android, and for seasoned mobile developers who want to make the most of the new Android platform and hardware.

This revamped, newly titled edition is a complete update of *Android™ Wireless Application Development, Volume II: Advanced Topics, Third Edition*.

From reader reviews:

Ruth Graham:

In this 21st century, people become competitive in each way. By being competitive now, people have do something to make these survives, being in the middle of typically the crowded place and notice by means of surrounding. One thing that at times many people have underestimated the idea for a while is reading. That's why, by reading a reserve your ability to survive increase then having chance to remain than other is high. For yourself who want to start reading a new book, we give you this Advanced Android Application Development (4th Edition) (Developer's Library) book as beginner and daily reading guide. Why, because this book is usually more than just a book.

Bryant Kelly:

A lot of people always spent all their free time to vacation or perhaps go to the outside with them household or their friend. Were you aware? Many a lot of people spent they will free time just watching TV, or perhaps playing video games all day long. If you need to try to find a new activity honestly, that is look different you can read a book. It is really fun for yourself. If you enjoy the book that you read you can spent the entire day to reading a publication. The book Advanced Android Application Development (4th Edition) (Developer's Library) it is rather good to read. There are a lot of folks that recommended this book. These folks were enjoying reading this book. If you did not have enough space to create this book you can buy often the e-book. You can m0ore easily to read this book through your smart phone. The price is not very costly but this book has high quality.

Allen Schlemmer:

People live in this new day of lifestyle always try and and must have the time or they will get wide range of stress from both way of life and work. So , if we ask do people have extra time, we will say absolutely sure. People is human not only a robot. Then we request again, what kind of activity are there when the spare time coming to you of course your answer will unlimited right. Then ever try this one, reading textbooks. It can be your alternative in spending your spare time, the book you have read will be Advanced Android Application Development (4th Edition) (Developer's Library).

Douglas Gibson:

That book can make you to feel relax. That book Advanced Android Application Development (4th Edition) (Developer's Library) was multi-colored and of course has pictures on there. As we know that book Advanced Android Application Development (4th Edition) (Developer's Library) has many kinds or style. Start from kids until adolescents. For example Naruto or Private investigator Conan you can read and think that you are the character on there. So , not at all of book are generally make you bored, any it makes you feel happy, fun and unwind. Try to choose the best book in your case and try to like reading which.
