## Henry Miller: New Perspectives

Scholarly responses to Henry Miller's works have never been numerous and for many years Miller was not a fashionable writer for literary studies. In fact, there exist only three collections of essays concerning Henry Miller's oeuvre. Since these books appeared, a new generation of international Miller scholars has emerged, one that is re-energizing critical readings of this important American Modernist.

*Henry Miller: New Perspectives* presents new essays on carefully chosen themes within Miller and his intellectual heritage to form the most authoritative collection ever published on this author.
