Now listed in the National Bereavement Resource Guide!

In this true story, a young girl tells how her family continued to grow and enjoy life even after the death of her father, demonstrating how turning the daily pages of our lives can help heal the grieving heart. It is a story of hope.

A note from the author:

This book was written to give hope to children who have experienced the death of a parent.

My intention is that loved ones and those working with grieving children will use these pages as a springboard for discussion and a tool for healing.

Through this true story, children can see that it is possible to continue to grow, thrive and enjoy life even after the devastating loss of a parent. The hurt they feel at the beginning of grief – that hole in their hearts – will lessen over time as they move forward with their lives.
