***How to Make Money in Stocks***

The *Wall Street Journal*, *BusinessWeek*, and *USA Today* business bestseller!

When it was first published, *How to Make Money in Stocks* hit the investing world like a jolt, providing readers with the first in-depth explanation of William J. O'Neil's innovative CAN SLIM investing method. Based on an exhaustive study of the greatest stock market winners dating back to 1953, this technique has been proven to minimize risk, maximize return, and find stocks that are poised to perform.

This fourth edition has been revised and updated with new chapters designed to help you boost performance in a turbulent economic climate. New discussions include:

- Greater clarification of the key CAN SLIM investment strategy
- New models of the greatest stock market winners that provide more basis for the ongoing effectiveness and superior performance of the CAN SLIM strategy
- Fresh stock charts featured in two colors for easier analysis of trends
- An invaluable guide on how to maximize both *Investor's Business Daily* and [www.investors.com](http://www.investors.com) to find winning stocks
- Real-world success stories from investors who have used this system
- New information on portfolio management and the impact of hedge funds

**Praise for previous editions:**

“The most useful stock market book in years.”

—*Management Accounting*

“In O'Neil's opinion, a stock isn't unlike a car or a set of golf clubs—you have to pay for quality. A winning

system.”

—*Personal Investor*

“A superb book, spelling out his investment strategies in plain English and O’Neilisms.”

—*San Francisco Business Times*

“His very good advice comprises a mixture of three parts common sense and one part technical knowledge.”

—*The American Spectator*

### ***The Successful Investor***

O'Neil outlines how to move with the market instead of against it and increase your profits by relying on sound, time-tested rules instead of hot tips and irrational greed. Let *The Successful Investor* show you how to:

- Buy only the best stocks at only the best times
- Recognize chart patterns that presage enormous stock moves, both up and down
- Manage your portfolio over time to maximize its returns

Bill O'Neil will be the first to admit that he has no inside knowledge about what will happen in tomorrow's market. What he does know how to do is profit if the market goes up, and keep from losing those profits when the markets head south. In *The Successful Investor*, O'Neil reveals what his decades in the market have taught him, and outlines a stable, non-emotional investment plan designed to comfort and protect investors buffeted and bewildered by the today's tumultuous stock market.
