This updated edition contains the very latest information and strategies for thriving and surviving in law school?from navigating the admissions process and securing financial aid, choosing classes, studying and exam strategies, and securing a seat on the law review to getting a judicial clerkship and a job, passing the bar exam, and much, much more. Newly added material also reveals a sea change that is just starting to occur in legal education, turning it away from the theory-based platform of the previous several decades to a pragmatic platform being demanded by the rigors of today's practices.

*Law School Confidential* is a complete guide to the law school experience that no prospective or current law student can afford to be without.
