Tonight she was going to do something terrible, with the one man she swore she'd never fuck.

Beating your sister's boyfriend half to death isn't normal brotherly behavior, but Mina had always known she'd never have a normal relationship with her stepbrother Marcus. What they had almost done afterwards - what they *would* have done if not for their parents coming home when they did, never ceased to haunt her. Now Mina's life is falling apart and Marcus is the only one she can turn to. She had been ready to offer him her body, but what Marcus needs is much more...

This is a standalone story with an HEA ending.
